Pro 1 owner Jim DeLonais turning wrenches @ Freddie's.

The NCS Race 3 at Ingalls was held on May 2-3. Friday turned out to be a practice day as rain prevented qualifying and any heats from being run of course some people had more fun than others though.

Saturday was cold and damp and computer problems, But no rain. Since qualifying was rained out it seems our computer only wanted to run 4 lap races. Thanks to Donnie Burnett's help we managed to straighten it out. We ran 2 Heat races and the Mains so a full days worth of racing lay ahead. The Busch class was for first time racers with less than a years experience in quarter scale racing. They all put on a great show with everyone leading at one time or another but it was Jerry Brawner who took the win and this being Indy his cold bottle of milk. Sprint Cars came up next and Todd Holloway won his bottle of milk holding off a hard charging Mike Reniger. Super Trucks was next and Jeff Davis fought a hard charging Mike Sadler for his bottle of milk. Then the Sportsman class Robbie Vaughn and Mike Sadler fought it out with Robbie taking the win and his bottle of milk. The Grand Nationals came up next and it looked like Donnie Burnett would take this one but trouble early on put him 6 laps down. He had charged back to 1 lap down late in the race when he tangled with another car and he was out. That left it to the man who wanted the win so bad the back of his car read "GOT MILK". Brent Gottfried got the win and the milk.

5/17/08- Tri-State race #1 Funtime Raceway, Lansing Mich.

We had a great time at Lansing for the first leg of the Tri State series. There were twenty four different entries through out the four classes. Lots of good clean racing in all classes. Weather was a minor factor throughout the day we had one small rain delay but the track crew did a great job of drying the track and we were back at it in no time. We did finish up just as the weather started to get nasty. Winds kicked up and it was really looking bad to the west. We all packed up and hurried out. I know I headed east and finally got out of the high winds when I turned south on I-75 just below Detroit. Other than that I believe everyone had a good time. Awards were discussed and Jackets may be in order for the class winners this year along with trophies.

FOR THE YEAR 2009***

Have you ever wanted to have a QSAC rule or gray area clarified?
 Have you ever stated the membership should be more involved in QSAC decision making?
 Have you ever thought that the rules favor the Quarter-Scale manufacturers?
 Have you ever

Well, here is a very simple form, for you to fill out and mail to the QSAC official in charge of establishing the rules for the year 2009. If you have a suggestion, a change or a problem with the 2008 rules, please write them down on this page now, before you forget. No matter how small your idea may be, please submit it. Please note that, there will **not** be any major rule changes for the 2009 racing season, except for manufacturer model number changes and clarifying existing rules and gray areas.
